***GUIDANCE NOTES ON HOW TO COMPLETE SECTION 6***

This is your chance to tell us why you have chosen to apply to Maru a Pula School for A/AS Levels and why we should want you as a student.

We will want to know why you are interested in the subjects you have applied for and what you hope to do after your studies. A good personal statement is important – it could help to persuade us to offer you a place. This is your chance to make the case for your admission.

You do not have to use all the space here but you must not continue on extra pages. Your statement must be clear and your writing should not be too small. If you are using a word processor for your personal statement you may copy it onto your application.

Consider carefully the information you give to support your application and the best way to present it effectively. Remember, you must be truthful and accurate in what you write. It is up to you how you write your statement but we suggest you include some or all of the following points.

- ◆ Why you have chosen the subjects you have listed in section 5 and what interests you have about them.
- ◆ You may include details of what you have read about the subject.
